EDUCATION

S.P.B Patel Engineering College

Bachelor of Engineering in Computer Engineering - CGPA - 8.00

📅 2022 – 2026

Mehsana, Gujarat

TECHNICAL SKILLS

Languages/Databases: Python, SQL, HTML, CSS, JavaScript, PHP, Java(Basic), C

Frameworks & Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn

Software & Tools: Pycharm, Jupyter Notebook, VS Code, Power BI, XAMPP, Git

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, Database Management Systems

PROJECTS

Job Offer Acceptance Prediction | Streamlit

- Developed an end-to-end ML pipeline to predict candidate offer acceptance, enabling HR to optimize recruitment strategies and reduce dropouts.
- Performed Data Cleaning, EDA, and Feature Engineering to analyze factors like salary expectations and behavioral indicators.
- Benchmarked multiple classification models, identifying **Random Forest** as the best-performing algorithm for predictive accuracy.
- Deployed the model into a functional web application using **Streamlit** for real-time recruitment forecasting.

Adaptive & Collaborative Traffic Control System | Streamlit

- IoT-based monitoring system for real-time traffic density and incident detection. Traffic forecasting and congestion prediction using machine learning algorithms.
- Adaptive Traffic Signal Control using real-time data from IoT sensors and the Random Forest algorithm.
- Collaborative decision-making between traffic departments, emergency services, and navigation platforms.
- Emergency vehicle prioritization via V2X communication to clear paths automatically for ambulances and fire trucks.

Car Average Prediction

- Performed data analysis using Python libraries such as Pandas, NumPy, and Scikit-learn, and applied Linear Regression to predict car mileage.
- Visualized key feature correlations and model outcomes using Matplotlib and Seaborn.

INTERNSHIP

BrainyBeam Info-Tech Pvt. Ltd., Ahmedabad

Data Analysis & Machine Learning Intern

📅 01/2026 – 04/2026

Final Year Internship

InfoLabz IT Services Pvt. Ltd., Ahmedabad

Data Analysis & Machine Learning Intern

📅 07/2025 – 07/2025

Summer Internship

PUBLICATION

Nainsi Soni, Viren Vairagi **et al.**, “Multi-Feature Collaborative Traffic Management: An AI And IoT-Integrated Approach”, *5th International Conference on Advanced Computational and Communication Paradigms (2025)*, Springer, **2026**. DOI: 10.1007/978-3-032-13544-5_39

EXTRACURRICULAR ACTIVITIES

- Participated in **Smart India Hackathon (SIH) 2025**, developing a **Smart Traffic Management System for Urban Congestion** to optimize traffic flow; secured 3rd Prize in an Intercollegiate Hackathon for the same project.
